

The students of Communication Arts Faculty, Suan Sunandha Rajabhat University have been working for their filming project to promote the University including International College.

The students of Communication Arts Faculty, Suan Sunandha Rajabhat University have been working for their filming project to promote the University including International College. The spa mockup was selected as one scene of its location on Tuesday 6th November 2018. They produced the video to show how education and the happiness of the students go hand in hand. They interviewed the lecturers and hotel students while enjoying spa treatment experiences such as foot soak and body treatments. We had a friendly talking about not only academic subjects, but also how they feel for spa experience learning.
